2nd POLITO Student contest on Drying and Freeze-Drying

Lyophilization: Ideas and challenges for a sustainable world

May 6th, 2024

Politecnico di Torino, "R" classrooms hall
Turin

This international competition is organized for the second time by Politecnico di Torino, as a side-event of the Conference. It is addressed to M.Sc. and Ph.D. students and aims to stimulate innovative ideas for applications in the area of freeze-drying for pharmaceuticals, sustainable food, energy, and environmental processes.

Details for submission will be published soon on the website.
